

Division News!

Junior High Information Nights: Running April and May

Junior high schools across EIPS are hosting information nights for all Grade 6 students and their families—taking place in April and May. Make sure to attend to learn everything you need to know about the junior high programs at your child's school. Those who attend will also have a chance to:

- meet the teachers;
- tour the school and classrooms;
- learn about the upcoming curriculum; and
- ask questions.

For specific dates and times, see: [EIPS Junior High Information Sessions 2024](#)

EIPS Annual Education Results Report

Every year, Elk Island Public Schools (EIPS) publishes an Annual Education Results Report, which outlines the Division's Four-Year Education Plan, opportunities for growth and how it's supporting students to achieve the best possible outcomes. Read through this year's [EIPS Annual Education Results Report 2022-23](#) and discover how EIPS fosters learning environments for all students to learn, grow and thrive—and why it matters.

April Spotlight: enhancing public education through effective engagement

A Big THANK YOU to EIPS Volunteers

National Volunteer Week takes place April 14-20. On behalf of the Board of Trustees at Elk Island Public Schools (EIPS), I want to extend my most heartfelt thanks to all EIPS volunteers. Every time you've contributed, whether it was helping on a class field trip or planning a school event for families to enjoy, you were there at a moment when we needed you. Students needed you, staff needed you, the community needed you—and you answered the call. These are moments that matter and are ones that make a difference in a student's experience at their school.

So, thank you again for being there. Without you, EIPS would not be what it is today, and schools wouldn't be able to do all the wonderful things they do. This National Volunteer Week, I encourage everyone to celebrate the hundreds of volunteers and thousands of hours put into supporting student growth and achievement at schools across the Division.

Cathy Allen Chair, EIPS Board of Trustees

Did you know?

Alberta Reserves are accumulated surplus funds that may be designated to a school, department or priority. The Board of Trustees approves the transfer of funds to and from reserves and has a yearly plan on how those reserves are used—to the benefit of students. EIPS identifies high-demand areas and uses its operating reserves for initiatives like student learning, new curriculum work, consultant support, mental health initiatives, technology upgrades, public-health best practices and other one-time projects. Operating reserves are also used to furnish and equip new schools and classrooms. With its capital reserves, EIPS replaces ageing equipment, purchases technology, modernizes and expands student learning spaces, and funds emergent capital needs.

Pre-kindergarten Programming at EIPS

Is there a preschooler in your life experiencing developmental delays or challenges with speech-language or motor-skill development—big or small? If so, Elk Island Public School's Play And Learn at School (PALS) program could help.

Early learning lays the foundation for success in primary grades and beyond. As such, EIPS offers the pre-kindergarten PALS program in five of its elementary school locations. Applications are now open for free speech-language assessments for those interested in registering in the PALS program this fall. The assessment helps determine if PALS is appropriate for your child.

If you know a preschooler, born in 2020 or 2021, who could benefit from pre-kindergarten programming or want to book an assessment, fill out the [PALS Program Request Form](#) or call 780-417-8219. For more information, visit [PALS Registration | Elk Island Public Schools | EIPS](#).

Watch for Thin Ice

Remember, be aware of thin ice this time of year. Depending on changing temperatures, ice can form and melt to varying degrees on outdoor bodies of water. Try to remind your child about the dangers of thin ice, obey all posted signs, take proper care and remain a safe distance from the ice.

For more information about ice safety, visit the [Canadian Red Cross](#).

Did you know?

The colour of ice may be an indication of its strength. Clear blue ice is the strongest. White opaque is half as strong as blue ice. And, grey ice is unsafe—greyness indicates the presence of water.
